Shreya Meshram

6th Semester B.Tech CSE Student | Aspiring Software Developer |
Python | Web Development | UI/UX Enthusiast
Nagpur, Maharashtra, India

Summary

I'm Shreya Meshram, a B.Tech Computer Science Engineering (6th Semester) student actively seeking internship and entry-level opportunities in software development.

I have gained practical experience through academic projects such as JOBTIDAL, a placement management portal designed to streamline job postings and help students receive timely job alerts. This project strengthened my skills in web development, problem-solving, and building user-focused applications.

I'm particularly interested in Full Stack Development, Web Development, and UI/UX Design, and I enjoy creating solutions that combine technology, functionality, and user experience.

Open to internships, collaborations, and opportunities to contribute to impactful software projects.
